## THE THREE-YEAR ROADMAP

YEAR ONE · 2026

**Sthapana**

স্থাপনা

**Establishment.** The League launches at Durga Puja 2026 on a working model farm. Applications open across all 294 constituencies.

YEAR TWO · 2027

**BangaManthan**

বঙ্গমহন

**Scaling across Bengal.** Season 1 graded and awarded before Durga Puja 2027, then carried into every district.

YEAR THREE · 2028

**RashtraManthan**

রাষ্ট্রমহন

**Scaling across India.** The Bengal Model established nationally by Durga Puja 2028.

*Agriculture in Bengal did not fail for want of soil, or rain, or hands. It failed for want of aspiration.*

## One supporter. One agri-entrepreneur. One season.

You are not buying anything and this is not a donation to a general fund. You are standing behind one named young person building a **Smart Integrated Farm** — and you will see, month by month, exactly what happened on that land.

### How you choose your farm

Tell us your **bheete (ভিটে)** — not just the district. The **village, block, post office and police station** of your ancestral home. We find applicants as close to it as we can, send you **three**, and **you pick one**.

### What you receive, every month

- ◆ A named farm and the farmer's own profile
- ◆ Open logs — activity, photographs, expense ledger
- ◆ Progress against each of the five instalments
- ◆ The farmer's own video messages
- ◆ Invitation to the awards, before Durga Puja 2027
- ◆ The farm may carry your bheete's name, or a parent's

**Administration and everything around it comes to four per cent — among the lowest anywhere.** We would rather print that than bury it. We are **80G registered**, so Indian taxpayers can claim the applicable deduction.

## THE MECHANISM

### The Krishi Ratna League

West Bengal's **294 assembly constituencies** are grouped into **15 regional teams** — a franchise here is a group of constituencies, not a cricket side. Every farm carries its own marks; a team's score is the aggregate of its farms. There is a table, and it moves. Prizes: **₹1 crore** best farm, **₹1 crore** best team, **₹1 crore** across categories.

### THE QUALIFICATION GATE

A farm must be free of **harmful chemicals and harmful pesticides** to be scored at all. The emphasis is on **local and herbal solutions** — what the soil, the village and our own tradition already know how to make.

### AND WHEN THE FARM STRUGGLES?

It will. Every farm does. **A struggle is not a failure** — it is the part of the season where a Pravasi Bandhu becomes useful. The logs stay open precisely so that when a farm is in difficulty you can see it and **lend a hand in that battle**: a call, a contact, an introduction, an extra push at the right moment. You are not a distant donor reading a report. You are one of the people in the fight.

## Seven decades, and eighteen years
