WHAT IT IS

The **Krishi Ratna League** — a championship for farms, run in the format that made cricket unmissable. Across West Bengal's 294 constituencies, **5,000 young women and men** each build a **Smart Integrated Farm**, mentored and graded through one season: Durga Puja 2026 to Durga Puja 2027.

YOUR PART

You stand behind **one** of them — one named young person, in a district you choose. You are shown **three applicants** and you pick who you back. You are not buying anything and this is not a donation to a general fund.

THE AMOUNT

₹1,00,000 for the season, as **five monthly instalments of ₹20,000**. **₹90,000 goes to the farm**. ₹10,000 — ten per cent — runs the League: verification, mentoring, the platform, the prize pool.

WHAT YOU SEE

A named farm and farmer. A dashboard with the activity log, photographs and the expense ledger. Progress against every instalment. The farmer's own video messages. An invitation to the Season 1 awards at Durga Puja 2027.

Agriculture in Bengal did not fail for want of soil, or rain, or hands. It failed for want of prestige.

Seven decades, and eighteen years

Bharatiya Krishak Samaj

Founded **3 April 1955** by **Dr Panjabrao S. Deshmukh**, independent India's first Union Agriculture Minister — who kept it deliberately outside party politics so it could argue with any government of the day.

National President **Shri Krishan Bir Chaudhary** sits on the Government of India's **Minimum Support Price Committee**. Former Chairman of the State Farms Corporation of India and the Indian Sugarcane Development Council; founder of SFAC; former director of NAFED.

Advisory board: **Dr R.S. Paroda** (ex-DG, ICAR), **Siraj Hussain IAS** (ex-Secretary, Ministry of Agriculture), **Ashish Bahuguna IAS** (ex-Chairman, FSSAI), **Dr Baldev Singh Dhillon** (ex-VC, PAU), **Gopa Sabharwal** (ex-VC, Nalanda).

KarmYog for the 21st Century

Founded 2008 by **Mahacharya Sourabh J. Sarkar** — B.Tech, IIT Kharagpur; M.A. Education & New Media, Syracuse. Its subject has always been the same one: how a population changes a habit.

Kolkata Jaago — Safe Drive Save Life: 300+ schools and roughly one lakh taxi drivers. **Jeevan-Jeevika Abhiyaan:** changed farming practice in Odisha through the SRI technique.

OmniDEL: NSDC Best Learning Methodology Award 2014; a million-dollar TATA Trusts grant 2015. Now at the forefront of **Agentic AI for informal-sector transformation** — the capability this League's verification layer runs on.

KarmYog Green Village: ~12 acres of HIDCO wasteland turned into a working eco-village with 2,000+ fruit-bearing trees.

Where your ₹1,00,000 goes

Total support, one farm, one season	₹1,00,000
Five monthly instalments	5 × ₹20,000
To the farm — seed capital	₹90,000
To the League	₹10,000
Proportion reaching the land	90%

What you receive, monthly

- A named farm and the farmer's profile
- Dashboard — activity log, photographs, expense ledger
- Progress against each of the five instalments
- The farmer's own video messages
- Invitation to the Season 1 awards, Durga Puja 2027
- The farm may carry your *vite*, or a parent's name

We would rather print the ten per cent than bury it. Running a verified championship across 294 constituencies costs something, and you are entitled to know exactly what. **80G** registration applies.

How a farm is graded

Satya (Truth) 30% · **Mangal** (Goodness) 25% · **Sundar** (Beauty) 20% · **Samriddhi** (Prosperity) 25%. A farm must be **100% chemical and pesticide free** to be scored at all. A jury grades the farms; AI-assisted monitoring supports the farmer and records progress through the year. Prizes: **₹1 crore** best farm, **₹1 crore** best regional team, **₹1 crore** across categories.

WHAT WE DO NOT PROMISE

This is a real farm, run by a real young person, against weather and pests and markets and their own inexperience. **The farmer will do his best and so will we. We cannot guarantee success — no one honestly can.** What we do guarantee is that a struggling farm will not quietly disappear from your dashboard. You will see the bad month, and what was tried.

Three Pujas

Every milestone is a Durga Puja, because a Puja cannot be postponed.

14 September 2026	KRL launched by the Hon'ble Minister of Agriculture, Government of West Bengal, Shri Dudh Kumar Mondal , with the Hon'ble Minister of State for Agriculture & Horticulture, Shri Amaya Kisku . Applications open.
10 October 2026	Mahalaya. The model farm at Munshi Bheri , in the East Kolkata Wetlands, is complete. Six weeks earlier it was a dump yard.

2026 – 2027	5,000 Smart Integrated Farms built, mentored, verified and graded. This is the season your farm runs in.
Durga Puja 2027	Season 1 awards — ₹3 crore. On the same stage, the All-India Krishi Ratna League is launched. You are invited.
2028	All-India results. The Bengal model, complete enough to be pointed at. Bengal comes home.

SUPPORTERS HOLDING FOREIGN PASSPORTS OR OCI CARDS — PLEASE READ

KarmYog for the 21st Century Foundation holds 80G but **does not yet hold FCRA registration**, which Indian law requires before an organisation may receive a contribution from a foreign source — and under FCRA, an OCI cardholder or foreign passport holder is a foreign source regardless of where they were born.

So at this moment the invitation is to **resident Indians** and to **Non-Resident Indians holding Indian passports**. If you hold a foreign passport or an OCI card, please **register your interest** — FCRA registration is being pursued. We would rather tell you now than take your money incorrectly.
